The Assistant Clerk will organise a site visit and meeting, and will disseminate the details in due course.

With respect to the closure of Carter Road – Additional survey has been sent out which asks for residents to vote in favour/not in favour. Members commented that this letter refers to the specific Traffic Regulation Order which can still be challenged; the results of which will be passed to Norfolk County Council for consideration. The overall result of the consultation will not change, but residents have an opportunity to comment on the closure methods proposed.

c) Clir A Crotch, Drayton North

Commented that it was interesting to see how they make decisions in that it is a very clinically and scientifically driven process to assure safety. All planning decisions by the department use extensive research and data to aid decision making.

over.

The NHS has released a survey on dental changes around 4 key areas for improvement to gauge public views. A link is available through Broadland and South Norfolk Council for members of the public to complete.
