Failure to achieve a rating of satisfactory (i.e. a minimum unweighted score of 3 or above) in any one or more categories may result in the bid being disqualified at the Council's discretion.

Section 1: Preferred procurement route

Which procurement route is preferable?

Project procurement route options:

1. Traditional / Design-Bid-Build

Description: The client appoints a separate design team, completes the design, and then invites contractors to tender for the construction work.

Key Feature: Design and construction are handled by different entities.

2. Design & Build

Description: A single contractor is responsible for both designing and constructing the project.

Key Feature: A single point of contact for the client.

3. Traditional or Design and Build (the consultant will need to allow for either)

The table below outlines key advantages and disadvantages of the different approaches.

Method	Process Overview	Advantages	Disadvantages	Best Suited For
Design-Bid-Build (DBB)	Client hires designer → full design → competitive tender → contractor builds	<ul style="list-style-type: none"> • Clear separation of design & build • Competitive pricing • Strong client control over design • Widely understood 	<ul style="list-style-type: none"> • Slower (sequential) • Higher risk of disputes • Contractor not involved in design • Client bears design risk 	Projects needing high design quality, cost certainty before build, and less time pressure
Design & Build (D&B)	Single entity (contractor-led) designs and builds	<ul style="list-style-type: none"> • Faster (overlapping design & build) • Single point of responsibility • Contractor builds more efficiently • Early cost certainty 	<ul style="list-style-type: none"> • Less client design control • Quality may suffer if poorly specified • Harder to change once underway 	Time-sensitive projects, clients seeking simplicity, efficiency-driven builds

Section 3.3: Arrangements for meetings

How many meetings should be included within the consultants quote?

Whilst there is currently ambiguity around how many meetings will be required, it would be beneficial to provide a steer or baseline number to ensure that quotes provided are comparable.

It is worth noting that any meetings not included in the quote will likely incur an additional fee.

Example wording:

Meetings

Arrange, Chair and minute monthly progress meetings; includes preparation, travel, attendance and issue of monthly progress report. Assumed 12 meetings per year for duration of the project.

Section 6: Tender evaluation criteria

The committee is asked to consider and confirm the evaluation criteria and the associated weightings for assessment

- Qualifications and experience of the proposed team (TBC%).
- Approach to the consultancy, including details of communication with the Council (TBC%).
- Value for money (TBC%).

NB: Submission requirements and evaluation criteria must be in alignment (i.e. any significant changes to the evaluation criteria may require revisions to the submission requirements).

Summary	
<p><u>Purpose of the Report</u></p> <p>To provide the Committee with suitable tender process options for the KGV pavilion refurbishment project for consideration and approval.</p> <p><u>Background</u></p> <p>Per section 5.6 of the Parish Council’s Financial Regulations “For contracts estimated to be over £30,000 including VAT, the council must comply with any requirements of the Legislation regarding the publication of invitations and notices.”</p> <p>In summary, where the estimated total value (including VAT) is below these thresholds, but exceeds £30,000 (after 21 December 2022), a council is required to advertise the opportunity on Contracts Finder if they publish an open invitation to quote/tender. If they are inviting specific firms and not opening it up to wider competition, they don’t have to advertise the opportunity on Contracts Finder (Public Contracts Regulations 2015, Reg. 110(5)(b)) (Parkinson Partnership Procurement Thresholds Guidance).</p> <p><u>For Information</u></p> <p>At the Finance and General Purposes meeting on 31st July 2025 the Committee recommended that contracts exceeding £30,000 were rare and procurement processes could be decided on a case-by-case basis. This decision was ratified as part of the Financial Regulations approved by Council at the August 2025 meeting.</p> <p><u>Tender Options</u></p> <p>The Committee is asked to consider the following options for the tender process and confirm a preferred approach:</p> <p>Option 1: Seek formal tenders from at least three suppliers.</p> <p>If a council simply chooses specific firms to invite, it must avoid allowing non-commercial considerations (defined in Part 2 of the Local Government Act 1988) to influence its decisions.
