Purpose

Drayton Parish Council (the Council) accumulates information and data during the course of its everyday activities. This includes records generated internally in addition to information obtained from individuals and external organisations. The Council recognises that the efficient management of its records is necessary to facilitate the effective overall management of the Parish Council and to comply with its legal and regulatory obligations. This policy provides a framework through which this effective management can be achieved and audited.

Under the Freedom of Information Act 2000, the Council is required to maintain a retention schedule listing the records which it retains in the course of its business and the process for destroying records when they are no longer needed. The aim of the Retention Schedule is to provide a working framework to determine which documents are retained and for how long, where documents are stored and the method of disposal.

Principles

Records created and maintained by the Council are an important asset and as such measures need to be undertaken to safeguard this information. Properly managed records provide authentic and reliable evidence of the Council's transactions and are necessary to ensure it can demonstrate accountability.

1. **Authentic:** Records must be proven to be what they purport to be, created by the proper person or system, and protected through documented management over time.
2. **Accessible:** Records must be readily available when needed and accessible for as long as they are required.
3. **Reliable:** Records must accurately and completely represent the transactions or activities they document and be created at the time of the event or shortly thereafter.
4. **Secure & Compliant:** Records must be protected against unauthorised access, alteration, loss, or destruction and managed in accordance with legal, regulatory, and business requirements.

Scope

This policy applies to all records created, received or maintained by the Council in the course of carrying out its functions. Records are defined as all those documents which facilitate the business carried out by the Council and which are thereafter retained (for a set period) to provide evidence of its transactions or activities. Records may be created, received or maintained physically or electronically.

Responsibilities

The Council is responsible for:

- ✓ Approval of the Record Management Policy and supporting procedures and systems.

The Policy Holder is responsible for:

Record Management Procedure	Sets out the adopted procedure for the management, retention, storage, retrieval and disposal of Council records.

DRAFT

Introduction

In line with the principles set out in the Record Management Policy, the procedure sets out the Council's approach to record management.

1. Authentic

What this means in practice: The council can demonstrate that records are genuine, created by the Council, and have not been improperly altered.

Procedure:

- Minutes of council meetings are approved at the next meeting, signed by the Chair and stored for archive.
- Emails giving official instructions are sent from Council email accounts.
- Policies include simple version control including a standard document template with version, approval date, approval route, policy holder, review date and summary of changes.
- A document log is retained including details of when documents are created, approved, amended or superseded.

2. Reliable

What this means in practice: Records accurately and fully document council decisions, actions and transactions.

Procedure:

- Meeting minutes follow a consistent format and record the decisions made.
- Minutes are drafted no longer than 1 calendar month after a meeting.
- Matters arising for all meetings record previous decisions and confirmation of action taken and are presented at every meeting.
- Supporting documents are filed alongside the relevant meeting for ease of reference.
- Supporting documents are referenced via page numbers in the meeting minutes for ease of reference.
- Scribe accounting software records all financial income and expenditure and VAT returns.
- Receipt and payment vouchers are numbered, date stamped and scanned as evidence for supporting Scribe reports.
- Hard copy receipt and payment vouchers are filed in the Council Office.

3. Usable

What this means in practice: Records can be found, understood and used when needed – by councillors, auditors or the public.

Procedure:

- A simple and consistent file structure and naming convention is maintained for all electronic files.
- Key records are retained in PDF.
- Older records are filed in the Council Office and scanned for archiving electronically or held by the Norfolk Records Office.

4. Secure & Compliant

What this means in practice: Records are protected and managed in line with legal and regulatory requirements.

- The Statutory Retention of HR records/data set out by the Council's HR Consultant, Personnel Advice & Solutions Ltd.
- The Advisable Retention of HR records/data set out by the Council's HR Consultant, Personnel Advice & Solutions Ltd.

The retention schedule should be read in conjunction with NALC Legal Topic Note 40 which provides further advice and guidance on:

- Insurance policies
- Magazines, journals and other publications
- Correspondence
- Local/historical information
- Retention of documents for legal purposes

If in doubt, documents should be retained until legal advice has been received.

Disposal Procedure

When records are no longer needed they must be disposed of and the method of disposal should be appropriate to the nature and sensitivity of the records concerned. Disposal can be achieved via the following methods:

- Deletion – for electronic files
- Shredding – for confidential paper records
- Recycling – for non-confidential paper records
- Archiving – for records held for historic interest or intrinsic value
- Licensed Waste Carrier – for Electrical and Electronic Equipment¹

Disposing of IT equipment and devices that have the ability to store data could lead to a personal data breach. In accordance with UK GDPR and Data Protection Act 2018, personal data must be removed from any and all IT equipment and devices scheduled for disposal.

A Disposal Schedule is maintained detailing the record type, the date and method of disposal and the authorising Officer. Before authorising disposal, the Officer should be satisfied that:

- ✓ Retention is not required to fulfil statutory or other regulatory requirements
- ✓ Retention is not required to meet operational needs of the service
- ✓ Retention is not required to evidence events in the case of a dispute
- ✓ Retention is not required to preserve historic interest or intrinsic value

¹ See the Waste Electric and Electronic Equipment Regulations 2013 for legal definitions and excluded equipment.

Purpose

The purpose of the Reserves Policy is to set out the Council's approach to holding and managing financial reserves to ensure the ongoing financial stability, sustainability and resilience of the Council.

Per section 32 and 43 of the Local Government Finance Act 1992, local authorities are required to have regard to the level of reserves needed. Similarly, section 5.32 of the Practitioner's Guide issued by the Smaller Authorities Proper Practices Panel states that smaller authorities have no specific rights to accumulate funds via the precept and all reserves should be reviewed and justified at least annually.

The Council holds reserves to meet unexpected or emergency expenditure, manage cashflow and timing differences in income and expenditure, support planned projects and future commitments, mitigate the financial impact of risks and uncertainties and support medium- and long-term financial planning.

The policy aims to support the Council's duty to ensure proper stewardship of public funds and compliance with relevant governance and accounting requirements.

Principles

In managing its reserves, the Council will be guided by the following principles:

1. The Council will maintain reserves at a level that is prudent and justified by an assessment of financial risk, liabilities and future commitments.
2. The level, purpose and movement of reserves will be reviewed at least annually and be clearly documented, reported, and approved by Council.
3. The scale and structure of reserves will be proportionate to the size and responsibilities of Council.
4. Reserves will be held for general financial resilience and for clearly defined specific purposes.
5. Decisions regarding the establishment, use or release of reserves will be subject to council oversight and formal resolution.

Scope

This policy applies to all financial reserves held by the Parish Council categorised as follows:

1. **General Reserves:** held to provide financial protection and flexibility against unexpected inflation, unforeseen events and unusual circumstances.
2. **Earmarked Reserves:** held for genuine and identifiable purposes and projects.
3. **Restricted Reserves:** held in accordance with external conditions.

Responsibilities

The *Council* is responsible for:

- ✓ Approval of the Reserves Policy and supporting procedures and systems.
- ✓ Reviewing the reserve levels as part of the annual budget process.
- ✓ Approving the establishment, amendment, cessation or continuation of reserves.

The *Policy Holder* is responsible for:

- ✓ The review of this policy and supporting procedures and recommendations to Council for amendment.
- ✓ Monitoring and maintaining overall compliance with this policy.

The *Parish Clerk* is responsible for:

- ✓ Advising Council on appropriate reserve levels.

Reserve Procedure	Sets out the adopted procedure for how reserves are reviewed, approved and monitored.

DRAFT

Introduction

In line with the principles set out in the Reserves Policy, the procedure sets out the Council's approach to the review, approval and monitoring of reserves.

1. General Reserves

General reserves cushion the impact of uneven cash flows, offset budget requirements if necessary, or can be held in case of unexpected events or emergencies.

- 1.1. The primary means of building General Reserves will be through an allocation from the annual budget. This will be in addition to any amounts needed to replenish reserves which have been spent in the previous year.
- 1.2. If in extreme circumstances General Reserves were exhausted due to major unforeseen spending pressures within a particular financial year, the Parish Council will be able to draw down from its Earmarked Reserves to provide short term resources.
- 1.3. Setting the level of General Reserves is agreed as part of the annual budget exercise. The Council must build and maintain sufficient working balances to cover key risks it faces, as expressed in the financial risk assessment.
- 1.4. In line with the Practitioner's Guide issue by the SAPPP, the generally accepted recommendation with regard to the appropriate minimum level of a smaller authority's General Reserve is that this should be maintained at between 3- and 12-months net revenue expenditure.
- 1.5. The smaller the authority, the closer the figure may be to 12 months expenditure, the larger the authority, the nearer to 3 months.
- 1.6. In practice, any authority with income and expenditure in excess of £200,000.00 should plan towards 3 months equivalent General Reserve.
- 1.7. When determining the minimum level of reserves, Council will consider the level of income and expenditure as well as situations that may lead to a loss in self-generated income and adapt the General Reserve accordingly.
- 1.8. Even at times when extreme pressure is put on the Council's finances, the Council must keep a minimum balance sufficient to pay 3 month's worth of contractual obligations to staff and contractors in General Reserves at all times.
- 1.9. The minimum level of General Reserve shall be recommended to the Council by the Responsible Financial Officer and form part of the recommendations for the annual budget and precept request approved by Council.

2. Earmarked Reserves

Earmarked Reserves can be held for several reasons including:

- **Renewals:** Equipment replacement and planned property maintenance enabling a replacement programme without the need to vary budgets.
- **Carry forward of underspend:** Some services commit expenditure to projects, but cannot spend in the current project year. Earmarked Reserves can be used as a mechanism to carry forward these resources.

- **Other:** Earmarked Reserves may be set up from time to time to meet known or predicted liabilities and may include an insurance reserve to enable the council to meet the excesses of claims not covered by insurance.
- 2.1. Earmarked Reserves are allocated to a designated Committee for review as part of the annual budget exercise to ensure Earmarked Reserves remain necessary and relevant. Committees may make recommendations for the creation, amendment, cessation or continuation of allocated Earmarked Reserves for approval by Council.
 - 2.2. A decision to establish an Earmarked Reserve must be approved by Council on a 'needs basis' in line with anticipated requirements and must be recorded as part of the Council's accounts package including the purpose for which it is held.
 - 2.3. Expenditure from Earmarked Reserves can be authorised according to 4.11 of the Council's adopted Financial Regulations.
 - 2.4. Movements in Earmarked Reserves shall be reported quarterly via the Finance & General Purposes Committee as part of the Budget Variance Report.
 - 2.5. Reserves should not be held to fund ongoing expenditure. This would be unsustainable as, at some point, the reserves would be exhausted. To the extent where Earmarked Reserves are used to meet short term funding gaps, they must be replenished in the following year.
 - 2.6. Earmarked Reserves that have been used to meet a specific liability would not need to be replenished, having served the purpose for which they were originally established.
 - 2.7. Where the purpose of an Earmarked Reserve becomes obsolete, or where there is an over-provision of funds, the excess may, on the approval of Council, be transferred to General Reserves or to one or more other Earmarked Reserves.

3. Restricted Reserves

Restricted reserves are those reserves that are restricted by external conditions and funds must be used as specified.

- 3.1. Community Infrastructure Levy (CIL) is one example of Restricted Reserves. Parish Councils receive a minimum of 15% of CIL monies raised from development within their area or 25% for those Councils with a Neighbourhood Plan.
- 3.2. The CIL Regulations 2010 restrict reserves for *"the provision, improvement, replacement operation or maintenance of infrastructure or anything else that is concerned with addressing the demands that development places on the area."*
- 3.3. Providing CIL is spent in accordance with the above, CIL monies may be used to supplement other income streams and/or may be spent collaboratively with other parish councils, community interest companies or other providers to make the most efficient use of funding to benefit the community.
- 3.4. Council's have a five-year period in which to spend CIL monies from the date received.
- 3.5. CIL is held in a designated Earmarked Reserve and may be accumulated to provide for major projects.

3.6. In line with procedures for Earmarked Reserves, expenditure from the Earmarked Reserve for CIL can be authorised according to 4.11 of the Council's adopted Financial Regulations.

2026-27 BUDGET

How the Council spends your money

Budget Overview

Each year the Parish Council prepares a budget which sets out the planned spending to deliver local services, community benefits and planned improvements. For the financial year 2026-27, Drayton Parish Council agreed an annual budget of £294,498.25.

The Council then sets the 'precept', the difference between the Council's planned spending and anticipated income from sources such as external grants, hire charges and bank interest.

For the financial year 2026-27, Drayton Parish Council agreed a precept of £228,497.00. The precept will be collected by Broadland District Council as a portion of your Council Tax and paid to Drayton Parish Council.

Annual Budget
£294,498.25

Annual Precept
£228,497.00

Annual Amount
Per Household
£109.43

Annual Increase
Per Household
£6.70

How much will I pay?

For a Band D household, the Parish Council precept for 2026-27 will be £109.43 per year. This represents an annual increase of £6.70 or 6.5% compared with last year.

The increase reflects rising costs due to inflation, increased maintenance and utility costs, investment in local facilities, services and projects and maintaining adequate reserves for future years.

Every item of expenditure is agreed by Councillors at meetings held in public and reviewed regularly to ensure value for money while continuing to support services and facilities that directly benefit the local community.

Where is the money spent?

Drayton Parish Council provides, manages and maintains a number of facilities in the village including 3 play areas, 2 playing fields, 2 sports pavilions, a 3G pitch and Green Lanes.

In addition to facilities management the Council also provides a number of services which have been summarised below.

Finance & General Purposes

- Grants for local clubs, community groups and businesses.
- Provision for community events and national celebrations.
- Contracted services for delegated streetlighting maintenance.
- Compliance with legal and financial obligations.
- Administrative costs, Councillor training and website maintenance.

Paper	FGP15: FSCS Update
Meeting	Finance & General Purposes Committee
Date	2 nd February 2026
Author	Parish Clerk & RFO
Summary	
<p><u>Background</u></p> <p>The Financial Services Compensation Scheme (FSCS) provides statutory protection for deposits held with authorised financial institutions in the event of institutional failure. Historically, the standard deposit protection limit has been £85,000 per eligible depositor, per authorised institution.</p> <p>The FSCS has confirmed an increase in the standard deposit protection limit to £120,000 enhancing the level of protection available on qualifying deposits. While the Council's overall approach to financial management remains unchanged, this means the Council now benefits from a marginally reduced exposure to unsecured credit risk.</p> <p>In response to the change, the Committee is asked to note that the Council's Financial Risk Assessment has been updated to reflect the revised FSCS limit.</p>	
Recommendation	
<p>The Committee is asked to note the increase in the FSCS deposit protection limit from £85,000 to £120,000.</p>
